

# Unlocking the Power of **Testing Automation** for **D365 CE & F&O**

Manual testing can't keep up with the evolving needs of Microsoft Dynamics 365 CE & F&O. Automation is the game-changer—boost efficiency, minimize risks, and accelerate deployments effortlessly.

**04** MAR 2025  
TUESDAY | **11:00**  
AM PST

## What You'll **Gain** from This **Webinar**

**End-to-End Automation**  
A structured approach to testing across D365 environments.

**Efficiency & Accuracy**  
Reduce manual effort while improving system performance.

**Best Practices & Real-World Use Cases**  
Learn from successful implementations.

**Live Demo**  
Hands-on walkthrough of Testing Automation tools.

## Why **Attend?**

Speed up releases & reduce bottlenecks

Detect issues early & improve stability

Optimize QA processes & cut costs
