Know Your Space

Before you start browsing, measure your space! Understanding the dimensions of your room will help you choose the right rug size. Consider how the rug will fit with your furniture layout and the overall design of your space for a cohesive look.

MATERIAL MATTERS

Choose the right material for your rug based on usage and maintenance. Options like wool, synthetics, and cotton offer different durability and comfort levels. Think about your lifestyle—do you have kids or pets? This will help you make an informed decision.
